SHIPPING & HANDLING
On orders received by 7/28/89.

Dear Friend:

I want to welcome you to the latest edition of the C.O.M.B. catalog. The **C.O.M.B.** name stands for **C**lose-**O**ut **M**erchandise **B**uyers. And that's what we do! We source out liquidations, overstocks and discontinued merchandise that we sell to our customers at very affordable prices.

We sell top value... great products, great service, 24-hour convenience...this is our firm commitment to you, our customer!

Finding good closeouts that are a real value for you is a combined effort. You tell us what you want and we source it. I am deeply involved with the day-to-day process of finding the best and most requested values for you. That way, I keep my costs low and we both save!

And now, for a limited time, you can save even more. As a special introductory offer, I'll give you FREE SHIPPING AND HANDLING on any purchase you make from this catalog before July 28, 1989.

What makes my catalog really fun is the diversity in product line—electronics, housewares, tools, luggage—you name it. We also occasionally find something really unusual. Like the time we sold a vintage fire engine...and the duck strippers, for you hunters out there...and the bicycle motors (those sold out fast!)

Whatever the product, we buy only the merchandise you want to see...and sell it at the savings you want most. **That's value.**

When you order from this catalog, you won't miss the great buys in upcoming catalogs we will send you. We just don't know yet what exciting name-brand closeouts will be available tomorrow. Don't miss out. **Being a C.O.M.B. customer pays big dividends** in savings. Find out for yourself today!

P.S. Remember... if you order before July 28, 1989, shipping and handling on your order is ABSOLUTELY FREE!

AKAI

State-of-the-Art Components... Below Dealer Cost!

Akai, a division of Mitsubishi, is world-renowned for high-end electronic components. Due to skyrocketing costs, they have discontinued manufacturing for the U.S. market rather than raising prices. C.O.M.B. was selected as Authorized Liquidator of remaining Akai inventories at huge savings. Quantities are limited... order now!

HX-R41-B Quick Reverse Cassette Deck has accurate reverse rotary head for perfect azimuth alignment in both directions. Akai's BSP transport mechanism provides a precise, stable tape transport. Dynamic range is extended by Dolby B and C noise reduction. (Signal to noise ratio: 59 dB.) Instant program location system, 3-position reverse mode selection switch and timer start. 3 motors, 2 heads. 1-yr. ltd. fact. warranty, parts and labor.

CD-52-B Compact Disc Player with Remote. This Akai CD player has not one, but two digital-to-analog converters—one for each channel. They eliminate inter-channel time delay for superior stereo imaging. Sophisticated 4x oversampling digital filters assure minimum noise and maximum phase linearity. Includes digital output, isolating feet, damped sub-chassis, 10-key wireless remote control. 20-track programming, skip search, index search, timer play and 3 repeat modes: disc, track, and A-B phase. 1-yr. ltd. fact. warr., parts & labor.

High-Quality 500mm Super Telephoto Lenses

Get Close! Now you can capture all the drama of the winning touchdown…from the top of the bleachers! And that's just the beginning!

Get Quality! These lenses are very similar to the kind professional photographers use to get the great shots you see in newspapers and magazines. They offer 10 times the magnification of a standard 50mm lens. Yet for all this power, they're surprisingly compact and lightweight—just 13 1/5" long and 28 ounces in weight. And each high-quality lens features superior multicoated optics and an f/8.0 aperture for crisp, clear images in all kinds of light.

The Perfect Fit! Specially designed to fit either Minolta, Pentax, Nikon or Canon nonautomatic cameras. 1-year limited manufacturer's warranty on parts and labor. Order today!

Sheepskin Seat Covers for Year 'Round Driving Comfort and Luxury!

You'll Be Seated in Ultra Plush Comfort when you put these top grade Sheepskin Covers on your car seats. Sheepskin is one of the most efficient insulators known to man. In winter, it helps retain body heat to keep you warm. And in summer, it "breathes" to release body heat, so you stay cool and comfortable. Because our buyer arranged to buy in volume from the factory, he was able to negotiate a great deal...and now we're passing our savings on to you!

Miles and Miles of Comfort. These covers have a dense sheepskin pile, a full 3/4" thick to cushion your legs and back for the most comfortable ride of your life. And both the low back and high back styles feature a wrap-around cut specially designed to fit your car seats like a glove. These covers are durably constructed by skilled leather workers, using hand-selected domestic sheepskin on the fronts and synthetic wool on the backs and sides. Elastic straps keep covers securely in place. May be dry cleaned or hand washed. Available in champagne, silver, black, blue or burgundy to blend with any car interior. State high back or low back and color when ordering. 3-year limited manufacturer's warranty.

Drive for Perfection! With this Portable Driving Range, you can perfect your golf swing at your leisure either indoors or out…whatever the weather is like! It takes only minutes to set up the practice net wherever it's convenient for you.

The Set Includes 7′ x 9′ net to stop your shots on impact, plus you get a small backup net to keep balls from rolling. ⅞″ steel tubing frame resists rust and corrosion. Also, a heavy-duty rubber driving mat with thick simulated grass on top for iron and fairway shots. Size: 24½″L x 13¾″W. Rubber tee included. 30-day limited C.O.M.B. warranty. Order now and start improving your game…your golf partners will be amazed!
